**STTP OBJECTIVES**

To provide

- To create the awareness about the MEMS and its various applications
- To create the awareness among the target group about the various types of MEMS Sensors and its advantages, disadvantages and its applications.
- To create the awareness among the target group about the Advantages of various types of MEMS sensors and its applications towards Automotive.
- This is the good platform to gain the knowledge about various applications of MEMS in Automotive Industries.
- This Seminar will provide the good research opportunities among all the faculty members and research scholars in the area of recent trends in MEMS and its applications in Automotive Industries.

**EXPERTS**

The Resource persons will be eminent experts from Premier Institutions like IIT's, NIT's and also from reputed Industries.
